

## RegScan LOLO (Lists of Lists Online) – provides access to regulated chemical lists for fast searching

The on-line service provides searching of over one million chemical synonyms by name or registry number.

Summary of Essential Features -

- 59 chemical lists and synonyms.
- Covers National and State lists for regulated chemicals.
- Over 1.4 million synonym listings.
- Search by CAS Registry Number, Product Name, EPA accession number (PMN) list only, EC Number (ELINCS, ENICS, EU High Production Volume, and EU Low Production Volume).
- Shows all lists for each such.
- Tells you if the search term is on no lists; remember to check for both CAS and Chemical name for best results.
